# Hummingbirds: Reading Comprehension

Nonfiction: Animals · about 80 words

Read the passage. Then answer each question. Circle the best answer or write your answer on the lines.

## 🐦 Hummingbirds

Hummingbirds include the smallest birds in the world. Some weigh less than a penny! They beat their wings so fast that the wings make a humming sound. That is how they got their name.

Hummingbirds can fly forward and even backward. They can hover in one spot like a helicopter. They use their long, thin beaks to drink nectar from flowers. Because they use so much energy, hummingbirds must eat many times a day. They visit hundreds of flowers every day.

1. **Main idea:** What is this passage mostly about?
   A. flowers B. hummingbirds C. helicopters

2. **Detail:** How did hummingbirds get their name?
   A. They hum songs. B. They live near bees. C. Their wings make a humming sound.
