The Grand Canyon

The Grand Canyon is a huge, deep valley in Arizona. It is about 277 miles long. In some places, it is more than a mile deep! The Colorado River flows along the bottom of the canyon.

Over millions of years, the river slowly carved away the rock. The walls of the canyon show many layers of red, orange, and brown rock. Each layer is like a page in a history book of Earth. Today, millions of people visit Grand Canyon National Park each year to hike, take pictures, and enjoy the view.
