⚖️ Recess Rules

Rules help keep people safe and treat everyone fairly. At school, there are rules for the classroom, the hallway, and the playground. You might think recess is a time with no rules, but recess has rules too.

Many schools have rules like "Take turns on the slide," "Stay inside the fence," and "Line up when the bell rings." Some rules keep you safe, like no climbing on top of the monkey bars. Other rules help everyone get along, like letting anyone join a game.

Rules work best when people understand why they exist. Some schools ask students to help make class rules at the start of the year. When students help make the rules, they are more likely to follow them. Communities have rules too. These are called laws. Laws, like stopping at red lights, keep the whole town safe.
