A. Round B. Flat C. Square

6 🟢 Which goes farthest when gently pushed on a smooth floor?

A. A pillow B. A marble C. A brick

7 🥫 Which one can roll on its side?

A. A cube block B. A book

C. A soup can

8 ⚽ Which one can roll?

A. A ball B. A box C. A book

✏️ Draw it! Draw a picture that shows what you learned.

ANSWER KEY

Roll or Slide?: Learn and Practice (answers)

Which things roll and which things slide?

Read each question. Circle the best answer.

1 📦 When you push a box on the floor, what does it do?

A. It rolls **B. It slides** C. It bounces

A box has flat sides, so it slides when you push it.

2 🏒 Which slides across the ice when you hit it?

A. A rubber duck on wheels

B. A toy wagon **C. A hockey puck**

A hockey puck is flat on the bottom, so it slides across the ice.

3 🚗 What do toy cars have that help them roll?

A. Fins **B. Wheels** C. Wings

Round wheels turn, so the toy car rolls along.

4 📘 Which one slides when you push it?

A. An orange **B. A book** C. A marble

A book has flat sides, so it slides along instead of rolling.

5 🔵 What shape helps things roll?

A. Round B. Flat C. Square

Round shapes can turn over and over, so they roll.

6 🟢 Which goes farthest when gently pushed on a smooth floor?

A. A pillow **B. A marble** C. A brick

A marble is round and smooth, so it rolls a long way.

7 🥫 Which one can roll on its side?

A. A cube block B. A book

C. A soup can

A can is round on its side, so it rolls when you lay it down and push.

8 ⚽ Which one can roll?

A. A ball B. A box C. A book

A ball is round all over, so it rolls when you push it.
