✏️ Draw it! Draw a picture that shows what you learned.

ANSWER KEY

Wind Watchers: Learn and Practice (answers)

What can the wind move?

Read each question. Circle the best answer.

1 🪁 What makes a kite fly up high?

A. Rain **B. Wind** C. Snow

Moving air pushes up on the kite and lifts it into the sky.

2 🍃 Which one can the wind blow away easily?

A. A house B. A big rock

C. A paper napkin

A paper napkin is very light, so even a little wind can blow it away.

3 🚩 What does a flag do on a windy day?

A. It melts B. It falls asleep

C. It flaps and waves

The wind pushes the cloth of the flag, so it flaps and waves.

4 🍃 What do we call a soft, gentle wind?

A. A breeze B. A puddle C. A rainbow

A breeze is a soft, gentle wind that feels nice on a warm day.

5 🌳 How can you tell it is very windy outside?

A. The grass is very still

B. The sun is shining

C. Trees bend and sway

Strong wind pushes hard on trees, so their branches bend and sway.

6 👀 Can we see the wind itself?

A. Yes, it is blue B. Yes, it is green

C. No, but we see what it moves

Air is invisible, but we can see trees sway and leaves dance when the wind blows.

7 🌀 Which toy needs wind to spin?

A. A pinwheel B. A teddy bear

C. A puzzle

When wind pushes the blades of a pinwheel, they spin round and round.

8 🌬️ What is wind?

A. Moving air B. Warm sunshine

C. Falling water

Wind is air that is moving. We feel it on our skin and see it move things.
